

Where's the Promised Revival?

There has always been a lot of talk about “revival” in churches, but despite doing all we were told to do to bring revival about, it still eluded us. We never thought to ask ourselves, “Why?” We assumed it was because we hadn't done enough to bring it about. So, we'd double down on our efforts, but that didn't work either.

We at Grace and Faith Ministries have discovered the real “key” to revival is NOT in what WE do. The truth is that revival comes through God's people understanding the good news of what JESUS did through His life, death, and resurrection. When we understand who we are and what we have been given IN HIM, we begin to enjoy the revival HE already brought. Instead of people being put off by our lives, they are drawn to Jesus because of the love we have for each other. This truth brings about the maturity, liberty, joy, and peace that God sent His Son to give us.

We are born again by grace through faith.

We live by grace through faith.

Miracles happen by grace through faith.

Revival is already here!

Believe it.

Receive it.

Enjoy!
